

RetailMart Customer Support – Frequently Asked Questions

Knowledge Base v2.8 | Customer Experience Team | Updated: April 2026

A. Orders & Delivery

Q1. How do I place an order on RetailMart online?

Visit retailmart.in or open the RetailMart app. Browse or search for products, add items to your cart, select delivery address, choose payment method, and confirm order. You will receive an order confirmation SMS and email within 2 minutes.

Q2. What are the standard delivery timelines?

Same-day delivery: Order before 12 PM for metro cities (Mumbai, Delhi, Bengaluru, Chennai, Hyderabad, Pune). Next-day delivery: Orders placed before 6 PM for Tier-1 cities. 2–4 day delivery: Tier-2 and Tier-3 cities. 5–7 day delivery: Remote/rural pin codes. Express delivery (2-hour window) is available in select localities for FMCG and grocery.

Q3. How do I track my order?

Go to 'My Orders' in the app or website. Click on the relevant order and select 'Track Order'. You will see real-time courier partner tracking. Alternatively, use the tracking link sent via SMS/email at the time of dispatch.

Q4. Can I change my delivery address after placing an order?

Address can be changed within 30 minutes of order placement, provided the order has not been dispatched. Go to 'My Orders' > Select order > 'Edit Address'. After dispatch, contact Customer Care at 1800-XXX-XXXX for assistance; changes are not guaranteed.

Q5. What happens if I am not available at the time of delivery?

The delivery agent will attempt delivery twice. After 2 failed attempts, the package will be held at the nearest hub for 48 hours. If unclaimed, it will be returned to origin and a refund (minus return shipping for non-defective items) will be initiated.

Q6. Is there a minimum order value for free delivery?

Yes. Free standard delivery applies on orders above INR 499 for members and INR 799 for non-members. Same-day and express delivery carry an additional fee of INR 49–99 depending on order weight and location.

B. Returns, Refunds & Exchanges

Q7. How do I initiate a return?

Go to 'My Orders' > Select the item > Click 'Return / Exchange'. Select the reason, upload a photo if requested, and choose pickup or drop-off. Our pickup agent will collect within 1–3 business days. Refund is processed after quality inspection (1–5 business days).

Q8. How long does a refund take?

UPI/Net banking: 1–3 business days. Debit/Credit card: 3–7 business days. Wallet/Store credit: Instant. Cash on Delivery refunds: Transferred to your registered bank account via NEFT within 5–7 business days.

Q9. I received a damaged or wrong product. What do I do?

Report within 48 hours via app/website or call Customer Care. Attach photos of the damaged/wrong item and original packaging. We will arrange a priority pickup and dispatch a replacement within 24–48 hours at no additional cost. If the item is out of stock, a full refund will be issued.

Q10. Can I exchange a product for a different size or colour?

Yes, exchanges are allowed within the return window (category-dependent). Select 'Exchange' instead of 'Return'. Available size/colour options will be shown. If the exchanged item has a price difference, you pay or receive the delta accordingly.

C. Payments & Invoices

Q11. My payment was deducted but the order was not placed. What should I do?

Do not retry immediately. Check 'My Orders' after 15 minutes—many transactions auto-resolve. If the order is still not confirmed after 30 minutes, the amount will be auto-refunded within 5–7 business days. Contact Customer Care with your UTR/transaction ID for faster resolution.

Q12. How do I get a GST invoice for my purchase?

GST invoices are generated automatically and emailed to your registered email within 24 hours of delivery. You can also download them from 'My Orders' > 'Download Invoice'. For B2B purchases, ensure your GSTIN is updated in your account profile before ordering.

Q13. Can I pay partly with points and partly with card?

Yes. During checkout, go to 'Apply Rewards' and select the number of points to redeem (up to 50% of cart value). The remaining amount can be paid via any supported payment method.

D. Account & Membership

Q14. How do I upgrade my loyalty tier?

Tier upgrades happen automatically at the end of each month when your cumulative annual spend crosses the tier threshold. You will receive an in-app notification and email confirming the upgrade. Downgrade, if applicable, occurs at annual reset.

Q15. I forgot my password. How do I reset it?

On the login page, click 'Forgot Password'. Enter your registered mobile number or email. You will receive an OTP. Enter OTP and set a new password. Passwords must be 8+ characters with at least one uppercase letter, number, and special character.

Q16. How do I delete my RetailMart account?

Account deletion requests must be submitted via the app: Settings > Privacy > Delete Account. All pending orders must be completed/cancelled first. Data is deleted within 30 days per our Privacy Policy. Note: Loyalty points and purchase history are permanently lost upon deletion.

E. Product & Store Queries

Q17. How do I check product availability in a specific store?

On the product page, click 'Check Store Availability' and enter your city or pin code. The map will show nearby stores with live stock status: In Stock / Limited / Out of Stock.

Q18. Does RetailMart price-match with competitors?

RetailMart offers price matching on identical products (same brand, model, variant) sold by verified national retailers. Submit a price-match request via Customer Care with a screenshot of the competitor's live price. Approved within 2 hours; not valid during RetailMart's own sale events or on marketplace third-party sellers.

Q19. How do I report a product quality issue after the return window?

For manufacturing defects identified after the return window but within the warranty period, contact the brand's authorised service centre. RetailMart facilitates warranty claims for items purchased on our platform. Raise a warranty request under 'My Orders' > 'Warranty Claim'.

Q20. Are product reviews on RetailMart verified?

Yes. Reviews are only accepted from customers who have purchased and received the product. All reviews go through automated moderation for spam and policy violations before publishing. Verified Purchase badge is displayed on reviews from confirmed buyers.
